

Justification Letter

Carlos Magana Godinez

4864 Nettie Ave.

Las Vegas, NV 89110

To whom this may concern:

The nature of the project and use of the site, 4869 Nettie Ave. is for a cow and a calf on less than 1.25 acres and we do have in mind that the property is also south of Cheyenne Ave. where Bovines may not be kept, but we're willing to make the effort and keep only one cow and calf in a good, clean environment, and for our family get together and nephews if we are permitted to do so. We would also like to use these animals for milking and consuming the milk for ourselves, family, and shall not at any circumstance be used for any business or breeding. Also, it will be great enjoyment for myself as well as my brothers, and so that we may do what we enjoy doing best, which is being around cattle. There will no more cattle than was mentioned, which is only one cow and calf kept in the coral that will be supervised and secure from getting out and not disturbing the neighbors or putting any one in danger. I am willing to cooperate in any way necessary, and pay any necessary fees that are applied in order to keep and do what I like to do for fun and what I call getaway, my greatest passion. No more than one Bovine is allowed per 7500 hundred square feet of lot area. I, Carlos Magana have 22,748 square feet.

Please consider letter.

Any questions or concerns please me at (702) 429-5122

Sincerely, Carlos Magana Godinez
